

JONATHAN SKOOG

EDUCATION

HTS – Hässleholms technical school

2016 – 2019

In high school I pursued the technological program with a specialization within IT at Hässleholms technical school. I learned a lot about the basics of how different computers, systems and programming languages work.

BTH – Blekinges tekniska högskola

2020 – Ongoing

My passion for information technology has led me to Blekinge University of Technology, where I am studying in the fifth year for a master's degree in software development. During the education, I have so far gained new knowledge mainly in development processes, engineering and computer science.

WORK EXPERIENCE

McDonalds - Associate

2019 – 2020

During my time at McDonalds, I was an employee with different areas of responsibility. Good customer service, teamwork and customer service were some of the things I learned from. Also working under stressful conditions within a team to achieve high quality was important.

Lidl - Associate

Summer 2021

My main duties at Lidl were unpacking goods and checkout duty. The experience gave a new perspective on how thorough, motivated and reliable one must be both as an employee both towards customers and colleagues to succeed.

Meliox AB – Software developer

August 2023 – February 2024

A project work with Meliox AB where the task was to develop an analysis tool in the form of a web application. The main areas of work were in presenting data from various sensors to users in a good way. Technologies used were mostly within React, JavaScript, html, CSS, GraphQL, MySQL.

COMPETENCES

- ❖ Knowledge of development processes and activities such as requirements management, Agile and architectures.
- ❖ Engineering knowledge in mathematics and physics.
- ❖ Knowledge in computer science areas such as programming, data structures and interaction design.
- ❖ Engineering knowledge in ICT, E-Commerce and entrepreneurship.
- ❖ Programming languages: HTML, CSS, SQL, Python, React, React native, JavaScript and more.
- ❖ B driving license for manual transmission.
- ❖ Very good knowledge in English.
